

## Florendine first day back Wednesday 2<sup>nd</sup> September

As you know, in order to make your children's return to school as stress free as possible, they will be returning to their class from the last academic year. This will hopefully give them chance to meet with familiar staff and classmates and spend some time sharing their experiences and getting used to the way things will now be done in school.

So for tomorrow they will be entering school and leaving at the times of their old class, so if they were Y4 and they are going back to be with their Year 4 class then they will start and finish at Year 4 times ( Lower KS2 ). From Thursday they will join their new class and their new start and finish times for some.

Sorry that it seems so complicated but I feel it is really important that the children get the opportunity to be together as a class again before they move on for the rest of the year.

Here's a reminder of start/ finish times and entry and exit points for parents.( slight change for Y5/6)
