

### Earth Week

Planning is already taking place for Florendine's Earth week, which will take place during the final week of this half-term. We will be once again focusing on key environmental issues across the curriculum and how we can all contribute to making a difference through our actions. If you have any thoughts on what we should prioritise, let me know.

### Testing times

May sees our pupils sit the statutory end of Key Stage tests for our Y2 and Y6 children. This is the first time such tests have taken place since 2019 due to the impact of the pandemic. We'll make sure it's a stress free time for all of our pupils. It is really important that all Y6 pupils are in school for their SATs tests next week!

### Helmets

If anyone has any scooter/ cycle helmets that their children have grown out-of-our after school club would be very grateful.

### Jubilee Celebrations

On June the 6<sup>th</sup>, first day back after the half-term break, the school will be spending the day celebrating the Queen's platinum jubilee. We are asking that the children wear as much red, white and blue as possible, for the day and we aim to have a street party style outdoor lunch all together.

### Tables Masters

Great efforts from our Y4 pupils prior to their [multiplication tables-check test](#) in June. Another two masters managed to qualify in the last week ( one Y5 and another Y4), which is excellent to see.

Congratulations Summer-Lei G and Erin K  
Tables Masters

Our teachers are always looking out for outstanding behaviour, work, effort, and kindness. Congratulations this week go to-

- Your teachers have chosen you as Star of the week, you should be proud of yourself.

### Warmer weather ?

Hopefully we'll be seeing the temperatures improve shortly and so time for a reminder about sun-cream. There are now lots of brands that offer long-lasting, high SPF protection for children that can be applied before school and protect them for the rest of the day. Hats and water –bottles will be useful too.

### Green Team meeting-minutes from Daisy T

Wild flower seeds have been planted on the bank of both KS 1 and KS2 playgrounds. We have developed an Eco code –a handy slogan that all the children can remember.

- Bee thoughtful, look after nature
- Bee energy smart, turn it off.
- Bee less wasteful, think before you bin.
